GD Watermark  
Plumbing & Irrigation

# THREADED FITTINGS

- Manufactured from high quality glass reinforced nylon.
- All our threaded fittings are approved to AS/NZS 4020:2005 (Potable Water)
- UV stabilised and long lasting.
- 15mm (1/2" inch) to 50mm (2" inch) size range.
- Suitable application with poly, pvc and other materials.
- Heavy duty tapered threads that give a strong and reliable seal.
- Resistant to weather, termites, fungi and bacteria.
- Size and descriptions detailed on each fitting.
- Cost effective and low maintenance.
